DR. JAMES A. BIGELOW — BIOGRAPHY

Dr. Bigelow was born in rural Manitoba in the Holland-Treherne district in 1918. His early education was received at Holland Public and High Schools. He then enrolled in the Faculty of Dentistry, U. of T. and graduated with honours in 1942, winning the James B. Willmot scholarship for General Proficiency.

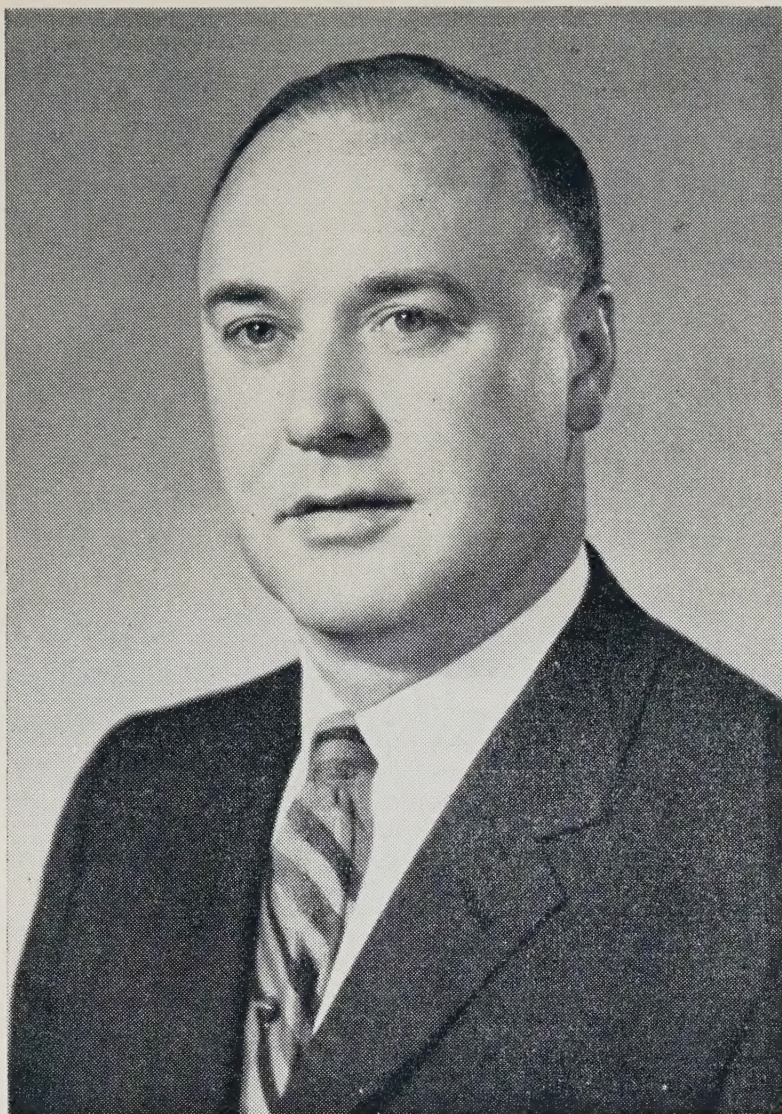

Upon graduation Dr. Bigelow enlisted with his class, en masse, in the Canadian Dental Corps. He served four years, attached to the R.C.A.F. His time was equally divided between No. 2 Command in Western Canada and No. 19 Company in England.

Upon retirement from the C.D.C. in 1946, Dr. Bigelow opened a general practice at the Yonge - Eglinton corner of Toronto and has practised in that locality ever since.

Our new president has had much experience in organized Dentistry. He first served on a Winter Clinic committee in 1948 and has been on this committee except for two years ever since. He also went through the offices of the North Toronto Dental Society being President in 1954. He has served on the Dental Alumni council and on several O.D.A. convention committees, as well. He was first elected to the Academy Council in 1953 and has served continuously since.

Dr. Bigelow is married to the former Lois Elaine Rushton of the class of 4T3 Occupational Therapy, and has two children. He is a member of Yorkminster United Church and served three years on the Board of Stewards acting as chairman in 1956. He is an ardent gardener and a keen sports enthusiast, enjoying skating and golf particularly. Dr. Bigelow is a member of the Toronto Cricket, Skating and Curling Club and Cedarhurst Golf Club at Beaverton.

This then is your President for 1959 - 60.

President's Foreword

Here, once again, is your Year Book! Within its pages, is set forth the programme for the Academy of Dentistry, Toronto, for 1959 - 60. Also included are calendars of local society meetings and lists of officers and meetings of the many other groups closely connected with our Academy. So it would be well to study your year book carefully and then keep it handy for future reference.

Each year our membership increases, which is excellent, but membership is not enough. We must have active participation as well. Our Annual Dinner and Winter Clinic are always well attended. But the attendance at our Stated Meetings has been a matter of concern to your Council for some time. Council have tried over the years to bring well balanced programmes to the members. Our only gauge of success is your response. So please support our efforts and our speakers to the utmost of your ability.

I take this opportunity then, to urge one and all to send their membership in early, so that you may enjoy our full programme for the coming year. Please give your support and enthusiasm by both your membership and your attendance.

JAMES A. BIGELOW,
President.

ANNUAL WINTER CLINIC

Luncheon Presentation

DR. WILLIAM G. McINTOSH

President, Canadian Dental Association

Dr. McIntosh, an esteemed member of our Academy, was elected President of the Canadian Dental Association in June of this year.

He graduated in 1937 from the Faculty of Dentistry, University of Toronto and received his Master of Science in Dentistry at Toronto in 1957. After a year of practice in Trenton, Ontario and in Oshawa, he began practice in Toronto in 1938. His practice is now limited to periodontics. In 1950 he was elected a Fellow of the American College of Dentists.

Dr. McIntosh was the first President of the Canadian Academy of Periodontology, 1958 - 1959. He is an associate professor of periodontics at the University of Toronto, as well as being consultant in periodontics at the Hospital for Sick Children, Toronto, and at Sunnybrook Hospital, Toronto.

Our speaker's name has appeared on the programme of conventions across the country, where he gave freely of his knowledge in his chosen specialty, and now we will be privileged to have him address the Academy of Dentistry in his new role of President of the Canadian Dental Profession's National Organization.

ANNUAL WINTER CLINIC
ROYAL YORK HOTEL
THURSDAY, NOVEMBER 26, 1959

This year the Royal York offers its new and expanded convention facilities for the Winter Clinic. In keeping with these luxurious accommodations the committee promises to provide a program of equal quality and colour. Plan now to take advantage of this popular annual Academy event which packs a whole convention into one day's activity.

DENTAL PUBLIC HEALTH DAY

February 3rd, 1960, is Dental Public Health Day in Canada. This affords the Dental Profession an opportunity to unite with the Health League of Canada in promoting an awareness of the ravages of dental disease, its incidence and its prevention.

Members of the Academy of Dentistry are privileged since they practise in an area in which an enlightened attitude towards dental public health exists, however, they should not permit this situation to produce a personal apathy. The most effective medium in public education is the personal contact and in no profession is this more possible than in our own. A few moments spent in presenting the facts regarding dental decay, through the consumption of refined sugar in its many forms and the importance of oral hygiene may frequently "sow the seed" that is necessary.

During Dental Health Day the press, radio and television will feature items designated to draw public attention to Dentistry. Let us in our individual roles contribute to this vast effort by encouraging public cognizance of preventive dentistry, urging the adoption of municipal water fluoridation and above all making each day of practice a Dental Health Day in our own offices.

THE UNITED APPEAL FUND CAMPAIGN

October will be the month when one of your fellow dentists will call with the particulars about this year's United Appeal. Please make him welcome, and be ready to contribute your "Fair Share". You may budget it over the whole year.

Almost every minute of every day through one of the 89 social and welfare agencies in the metropolitan area you will be giving care and hope to someone in trouble. This someone could be your next door neighbour or a poor family on the other side of town, but don't let them ask in vain. This year the need is for about 5% more than last year so dig into your pocket a little deeper. Remember, you are investing in the most precious thing in the world — faith.

SECOND STATED MEETING

OSLER HALL

8.15 P.M.

THURSDAY, FEBRUARY 18, 1960

Panel Presentation and Discussion

“Your Health — Are You Safe-Guarding It?”

What can be of more importance to a man than his own health? Many of the members of our profession are struck down at a comparatively early age. With all the stresses and strains, peculiar to our profession both physical and mental, do we stop sometimes and take a good look at ourselves? Are we doing all that we can to keep ourselves fit? We alone are the breadwinners for our families — with our own two hands, we make our living! So if our health fails, we are finished. Come, then and hear experts give us advice on how to look after our most precious gift — Health!

Leading specialists from the Academy of Medicine, Toronto, will form the panel. An invitation to attend will be extended to members of the Academy of Medicine. So bring your medical friends and add to a closer co-operation between our groups.

THIRD STATED MEETING

OSLER HALL

8.15 P.M.

THURSDAY, MARCH 24, 1960

Essayist: DR. ROBERT K. STINAFF, D.D.S., Akron, Ohio

Subject: "Why We Gain and Lose Patients"

This talk will center around those factors which cause patients to present themselves in our offices as well as those factors which cause them to leave our practices. The results of a personal survey and those of two independent sources will be included. Discussion will be made of the social, economic and psychological reasons why patients become dissatisfied with their dentist, and why they select the new dentist.

Dr. Stinaff was graduated from Northwestern University Dental School in 1933. He is a member of the Akron, the Ohio State and the American Dental Associations. He is also a member of the following: American Association of Endodontics, American Academy of Oral Roentgenology, Ohio Academy and American Academy of Dental Practice Administration, the Pierre Fauchard Academy and Omicron Kappa Upsilon. Our essayist is the Past President of the Akron Dental Society, the Ohio Academy of Dental Practice Administration and the American Academy of Dental Practice Administration. He is a Fellow of the International College of Dentists and a Commander in the United States Naval Reserve (Retired). Dr. Stinaff has been both essayists and clinician at many dental meetings, including Chicago, Cincinnati, Cleveland and New York.

MESSAGE FOR THE TORONTO ACADEMY OF DENTISTRY

Organized dentistry has many serious challenges confronting it today. If our profession is to grow in stature as it should, these challenges will have to be met with precise action which must follow carefully laid plans. Every dentist has a responsibility in the design and formation of these plans. His opportunity to meet this obligation comes mainly through his support and active participation in the affairs of his local dental society.

To this end I urge you to support the activities of the Academy of Dentistry. The Officers of this Academy are industriously working to provide us with a program, well complemented with scientific, social and organizational interests.

On behalf of the Canadian Dental Association, I wish the Academy of Dentistry, and through it, organized dentistry in Canada, a most successful year.

W. G. MCINTOSH, D.D.S.

THE NATIONAL FUND FOR THE UNIVERSITY OF TORONTO

Dentists in Toronto and elsewhere will have opportunities to join with others in supporting plans for the current development program at the University of Toronto.

A sum of \$52,359,000 is needed to cover capital needs during the next five years. Of this amount, a minimum objective of \$12,600,000 is sought in a national appeal for money from corporations, alumni and the general public.

Victoria College, Trinity College and St. Michael's College are also joined in the fund-raising plans.

The scheduled opening of the new Elm Street building of the Faculty of Dentistry is an example of the good start already made in University development. Costing close to \$6,000,000, this project is already financed.

This and other development projects provide the minimum facilities necessary to accommodate the enormous wave of students now moving toward university entrance. Enrolment at Toronto is expected to grow from roughly 13,000 to 23,000 by 1968.

The National Fund for the University is headed by a committee of business and community leaders headed by M. Wallace McCutcheon and Neil J. McKinnon. Their organization includes plans to enable every graduate of the University to give and pledge over a five-year period.

Chairman of the Alumni Toronto Division is W. P. Freyseng; Mrs. W. H. Clarke is deputy chairman. Within this division, the committee for personal solicitation of Dentistry graduates is headed by Dr. William A. Weir, a member of the class of 1936. Following a preparation period, the alumni and public appeal will be made in November, 1959.

EMERGENCY SERVICE ROSTER

This Emergency Service has now been operating for just over a year, and is receiving very favourable recognition both across Canada and in the United States. Our voluntary after-hours service has immeasurable value in public and inter-professional relations, benefiting all concerned.

We wish to sincerely thank those who are participating in this project and solicit the assistance of all members to ensure the continued success of this important function of your Academy.

The individual demands on any one member are slight when considered over the year, therefore, be sure to cover your assignment completely or arrange to exchange days with someone else on the Roster and inform the Academy office at WALnut 4-8041 or Telephone Answering Service at WALnut 1-3113.

Hours for Emergency Service are:

- Monday to Thursday — 7.00 p.m. to 6.00 a.m.
- Friday and Saturday — 6.00 p.m. to 6.00 a.m.
- Sundays and Holidays — All day

SECRETARY'S REPORT 1958 - 1959

The past year in the life of the Academy of Dentistry, Toronto, has been one of great activity and innovation. Membership totalled 645, a new high, of which 606 were active members, with 9 honorary life members and 30 honorary members.

The first meeting to be held was the Annual Dinner on October 23rd, 1958, at the Royal York Hotel. The highest award of the Academy, Honorary Life Membership, was conferred on Dr. T. R. Marshall in recognition of his great service to both the Academy and our profession throughout the years. The guest speaker, Mr. Donald M. Graham, Director of Education for Forest Hill Village Schools, gave a thought provoking presentation on the subject of "Hard Schools in a Soft Society".

On Thursday, November 27th, the Annual Winter Clinic was in session under the chairmanship of Dr. James A. Bigelow. The Clinic was particularly successful and the clinicians well received. The luncheon address was given by the Hon. Robert Winters.

The New Year began very well with a special all-day clinic being held the day after the First Stated Meeting, the clinician being Dr. Miles R. Markley of Denver, Colorado, who gave an outstanding presentation on "Saving Those Hopeless Teeth" at both meetings on January 22nd and 23rd, 1959.

The Second Stated Meeting took place on Thursday, February 12th, and this was also a departure from the usual, as it was held in the afternoon as well as the evening. The guest clinicians, Drs. R. A. McEwen and John V. Borden, presented excellent papers in the afternoon, both on high speed instruments, and a panel discussion took place in the evening with Drs. McEwen and Borden, and our own Dr. J. D. Purves acting as moderator.

Dr. George A. Morgan and Dr. Holly Halderson, both Toronto dentists, gave presentations at the Third Stated Meeting on Thursday, March 26th, on subjects pertaining to their own fields of dentistry, and were very well received. This was also the Past Presidents' Night, when all previous presidents of the Academy were guests, and the new Council was inducted into office. Unfortunately, this meeting was not as well supported as the previous ones, due to the fact that it was held just prior to the Easter week-end.

The Dinner Dance was held at the Granite Club on March 6th, and met with great success. It is hoped that this will now become an annual event.

Dental Health Day in the last season was held on February 4th in National Health Week, and the Dental Public Health Committee of the Academy was active in promoting this Dental Health Day by way of publicity to the daily newspapers, radio and television.

The Academy of Dentistry now has an office at 230 St. George Street, which is owned by the Royal College of Dental Surgeons, and has employed an Executive Secretary to take care of the increasing secretarial and office work of the Academy.

The Mediations Committee and Emergency Service Roster are flourishing, and we feel that both the public and our profession appreciate these services. There is no doubt as to the value of these committees in promoting better dento-public relations.

Two other services available to the profession in Toronto which operate under the sponsorship of the Academy of Dentistry are the Dental Nurses' and Assistants' Registry, which is run very efficiently by Mr. Ian Hannah, and the Group Income Protection Insurance Plan, operated by United Casualty Agencies Ltd.

The Academy of Dentistry prize in the Faculty of Dentistry, University of Toronto, 1959, was won by Max A. Listgarten, to whom we wish all future success.

AUDITORS' REPORT

May 8th, 1959,
Academy of Dentistry,
Toronto, Ontario.

Gentlemen:

This is to certify that I have examined the books and records of Receipts and Disbursements submitted to me and from these, I have prepared the Balance Sheet and Statement of Receipts and Disbursements for the twelve months, ended April 30th, 1959.

Attached is verification from the Toronto General Trusts Corporation relating to the bank balance.

Bank Balance (opening)	\$ 3,971.96
Excess of Expenditures over Receipts	384.56
Balance per Balance Sheet	<u>\$ 3,587.40</u>

In view that the acquisition of Furniture and Fixtures is charged to current operation, it was requested that this amount be eliminated from the Balance Sheet and I have therefore shown the item as \$1.00.

You will appreciate I was unable to make a complete verification of all sources of Revenue except to the extent that all entries agreed with the bank deposits.

Respectfully submitted,

RICHARD L. CLARKE.
